MB Docket No. _____

To: John Karousos, Assistant Chief
Audio Division of the
Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 241A at Bokchito, Oklahoma.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 241A to Bokchito, Oklahoma as that community's first local FM service. Bokchito is an incorporated community with a population of 600 people. Bokchito has its own mayor, Wilbure Burns, its own schools, volunteer fire department, police department, post office and a number of local churches. Bokchito is a community that is certainly deserving of local FM service. The proposed channel 241A will provide additional diversity and an outlet for local self-expression to Bokchito residents and therefore is in the public interest.

In order for Channel 241A to be allotted at Bokchito, Oklahoma, the vacant allotment for Channel 241A at Clayton, Oklahoma will need to be replaced with Channel 263A and station KXXY Channel 241C at Oklahoma City, Oklahoma must be reclassified to a C0. (See, Attachment A, Request to Reclassify statement) Additionally, in order for 263A to be allocated to Clayton, Oklahoma, station KATT Channel

263C at Oklahoma City, Oklahoma must be reclassified to a C0. (See, Attachment B, Request to Reclassify statement)

The proposed changes are as follows:

	<u>Present</u>	<u>Proposed</u>
Bokchito, OK		241A
Clayton, OK	241A	263A
Oklahoma City, OK KXXY	241C	241C0
Oklahoma City, OK KATT	263C	263C0

Attached hereto is a channel study confirming that Channel 241A can be allocated to Bokchito, Oklahoma, consistent with the FCC's FM separation rules provided the necessary changes are made at Clayton and Oklahoma City. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment C)

Reference coordinates for Channel 241A at Bokchito, Oklahoma are:

33 59 01 N
96 08 07 W

In order for Channel 241A to be allocated to Bokchito, the vacant allotment for Channel 241A at Clayton, Oklahoma must be replaced with Channel 263A. Attached hereto is a channel study confirming that Channel 263A can be allocated to Clayton, Oklahoma, consistent with the FCC's FM separation rules provided station KATT, Channel 263C is reclassified to a C0. (See, Attachment D)

Reference coordinates for Channel 263A at Clayton, Oklahoma are:

34 32 48 N
95 29 46 W

Should this petition be granted and Channel 241A be allotted to Bokchito, Oklahoma, Petitioner will apply for Channel 241A at Bokchito and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford

Petition for Rule Making
FM Channel 241A
Bokchito, Oklahoma
May 27, 2003

Attachment A

Request to Reclassify
Station KXXY(FM), Oklahoma City, Oklahoma
Pursuant to MM Docket 98-93

Radio Station KXXY(FM), Oklahoma City, Oklahoma is licensed to Clear Channel Broadcasting Licenses, Inc., 2625 South Memorial Drive, Suite A, Tulsa, Oklahoma 74129, (Facility ID 58389), FCC File No. BLH 20000105AAO. The facility operates with a power of 100 kilowatts with center of radiation 372 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KXXY(FM) be modified to specify operation on FM Channel 241C0 instead of on FM Channel 241C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 241A Bokchito, Oklahoma, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KXXY(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Bokchito, Oklahoma as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Clear Channel Broadcasting Licenses, Inc. as is required in the above Docket.

Attachment B

Request to Reclassify
Station KATT(FM), Oklahoma City, Oklahoma
Pursuant to MM Docket 98-93

Radio Station KATT(FM), Oklahoma City, Oklahoma is licensed to Citadel Broadcasting Company, City Center West, 7201 W. Lake Mead Blvd., Suite 400, Las Vegas, Nevada 89128, (Facility ID 8797), FCC File No. BLH 19841105DA. The facility operates with a power of 100 kilowatts with center of radiation 363 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KATT(FM) be modified to specify operation on FM Channel 263C0 instead of on FM Channel 263C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

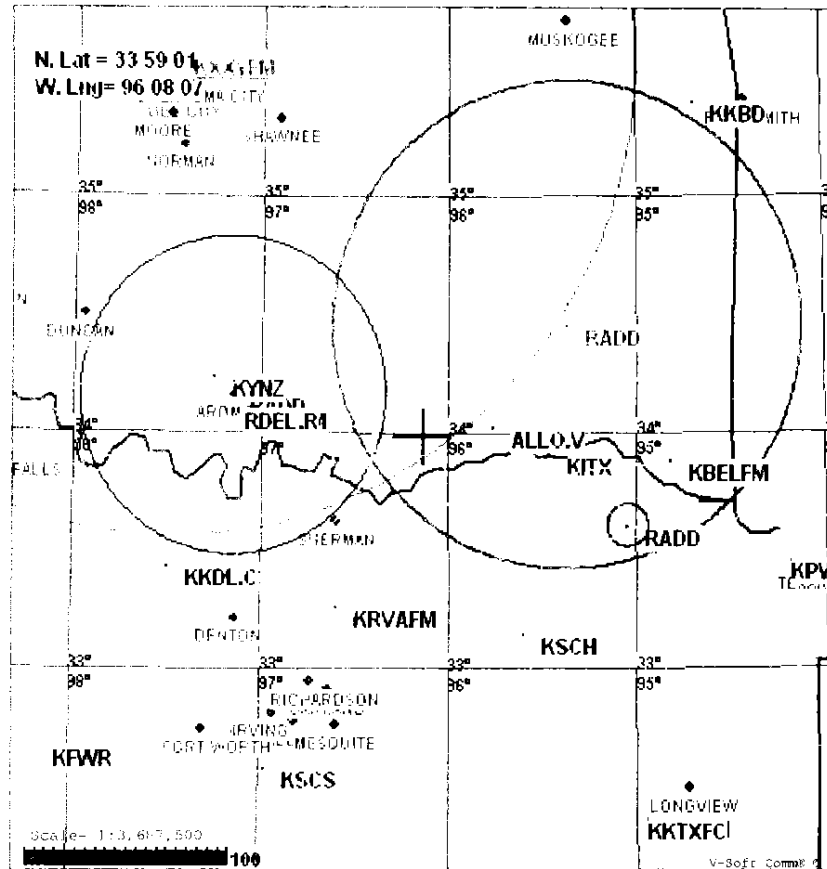

Charles Crawford, the proponent of Channel 241A Bokchito, Oklahoma, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KATT(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Bokchito, Oklahoma as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Citadel Broadcasting Company as is required in the above Docket.
